LOGNOTE -- Chief, Operations Group, 13 January 1983

1. [] KEY WEST RECRUITMENT-- [] phoned to say that [] the Agency recruiter in Atlanta, had called [] yesterday to suggest [] not actually visit Puerto Rico to recruit monitors, but instead [] would send a letter to university recruitment offices specifying FBIS requirements. I told [] that such a letter would be fine as preparation for a recruitment trip, but that he still should plan to go to Puerto Rico to recruit. Also told [] that it is essential that the Chief, Key West Bureau become directly involved in the recruitment effort. [] was to send his recruitment letter to Puerto Rico on 14 January and promised to send [] the responses. [] will wait for responses to the letter before making final plans for his trip. []
